REPORT ON: - "PARTICIPATION IN NATIONAL CONFERENCE - 2025."

ORGANISED BY : BHARTI VIDYAPEETH (DEEMED TO BE UNIVERSITY) COLLEGE OF NURSING, SANGLI

VENUE : BHARTI VIDYAPEETH AUDITORIUM HALL

GROUP : FACULTY MEMBERS,

THIRD, FOURTH, FIFTH AND SIXTH SEMESTER BSC NURSING STUDENTS .

DATE - 28/11/2025 to 29/11/2025

The teaching faculty and students of Madanbhau Patil College of Nursing, Kavalapur, Sangli actively participated in the National Conference on "Empowering Public Health Nursing through Artificial Intelligence: Innovations, Ethics, and Impact" organized by Bharati Vidyapeeth (DU) College of Nursing, Sangli. The conference was conducted for two days at the Auditorium of BV(DU) Medical College, Sangli.

This program was an important initiative under faculty and student development activities, aiming to enhance knowledge on Artificial Intelligence applications in nursing, public health innovations, ethical considerations, and its evolving impact on healthcare delivery.

A total of 13 participants, including both faculty members and students, attended the conference. The selection of these participants was done by Hon'ble Principal Madam, based on merit, interest, and active involvement in academic and co-curricular responsibilities.

To encourage participation and professional growth, the SNA unit sponsored 50% of the total conference registration fees for all selected members. This support helped promote academic excellence, skill enhancement, and exposure to current trends in nursing and healthcare technologies.

During the two-day conference, participants attended keynote sessions, expert talks, panel discussions, and interactive presentations focusing on AI-driven healthcare solutions, public health challenges, ethical issues, and future advancements. The sessions provided deep insights into the integration of emerging technologies in nursing practice.

The participants provided very positive feedback, expressing that they learned valuable concepts related to AI-based healthcare tools, modern public health strategies, technological advancements, ethical decision-making, and enhanced nursing roles in the digital era. They also appreciated the opportunity for professional interaction, exposure to new trends, and academic enrichment.

At the end of the conference, all participants were awarded certificates in recognition of their successful participation.

The conference proved highly beneficial for both faculty and students. It broadened their understanding, enriched their academic perspectives, and motivated them to adopt innovative approaches in nursing education and patient care. The participation also strengthened inter-institutional collaboration and contributed to the holistic development of attendees.
